MEN outnumber WOMEN

New York State Has 101.2 Males to 100 Females.

RUSSIA LEADS NATIONS

Italy Second, Germany Third and Ireland Fourth in Foreign Born White Population.

Washington, March 7.—Of the total population of New York State 3,200,000, or 55.4 per cent, are native whites of native birth; 3,000,000, or 52 per cent, are native whites of foreign or mixed birth; 2,725,272, or 53.9 per cent, are foreign born whites, and 134,191, or 1.5 per cent, are negroes, according to a bulletin soon to be issued by Director Durand of the Census Bureau.

The corresponding percentages in 1900 were 52.2, 53.2, 56 and 1.4, respectively, the proportion of foreign born whites having increased during the decade. In thirty-five of the sixty-one counties the percentage of foreign born whites is less than 15, in eighteen it is between 15 and 25, in six it is between 25 and 35, and in two—New York and Kings—it is 35 or over.

Of the 2,725,272 inhabitants of New York County 454,000 are foreign born whites and only 15.8 per cent are native whites of native birth. In twenty-three counties the percentage of native whites of foreign or mixed birth exceeds 25, being 42.6 in Queens, 41.5 in Erie and 40.6 in Kings.

Of the urban population 52.2 per cent are native whites of native birth, the corresponding proportions for native whites of foreign or mixed birth are 35.5 and 19.9 per cent, respectively. The percentage of foreign born whites is 24.5 in the rural population and 12.8 in the rural.

There are 4,384,557 males and 4,320,017 females in the state, or 101.2 males to 100 females. In 1900 the ratio was 98.9 to 100. Of the total native population—that is, population born in the United States—87.7 per cent were born in New York and 12.3 per cent outside the state.

Of the foreign born white population of the state persons born in Russia represent 20.5 per cent; Italy, 17.3; Germany, 16; Ireland, 15.5; Austria, 9; England, 5.4; Canada, 4.5; Hungary, 3.5; Sweden, 2; all other countries, 8.4. Of the total white population of foreign origin, which includes persons born abroad and also natives having one or both parents born abroad, Germany contributed 21.5 per cent; Ireland, 19; Russia, 14.8; Italy, 12.5; Austria, 6.7; England, 6; Canada, 4.7; Hungary, 2.5; Scotland, 1.6; Sweden, 1.5 per cent.

The total number of persons of school age is 1,811,311, from six to twenty years, inclusive—is 2,464,425, of whom 1,265,374, or 63.7 per cent, attended school. In addition to these, 55,773 children under six and 31,716 persons twenty-one and over attended school.

There are 46,029 illiterates in the state, representing 5.5 per cent of the total population ten years old and over, the percentage being the same as in 1900. The percentage of illiteracy is 13.7 among foreign born whites, 5 among negroes and 8 among native whites.

In the population fifteen years old and over 28.8 per cent of the males are single and 37.1 per cent of the females. The percentage married is 52.5 for males and 52.5 per cent for females, and the percentage widowed is 4.4 and 11.3, respectively. The percentages of those reported as divorced—2 and 3, respectively—are believed to be too small, because of the probability that many divorced persons class themselves as single or widowed.

The percentage single is smaller for women than for men is due largely to the fact that women marry younger.

The total number of dwellings in New York is 1,178,845, and the total number of families 2,066,845, there being 173.7 families to each 100 dwellings. The average number of persons per dwelling is 4.7, and the average number per family 4.5.

CHANGE OF FARE FOR MONKEYS.
The monkeys in the Central Park menagerie are being fed on white bread. The simians themselves seem to be much elated with the change in diet. "Bill" Snyder, the keeper of the menagerie, when asked if he was making athletics out of the monkeys, said that that was not his intention. The monkeys will be put on a diet of white bread at a park attendant tried the experiment.

CHURCH AND RELIGIOUS NOTES

The Rev. Dr. G. Campbell Morgan, the Noted Preacher, of London, Will Be Heard in This City on March 18.

[From The Tribune Bureau.]

The Rev. Dr. G. Campbell Morgan will speak in Carnegie Hall on the evening of March 18 at the opening rally of the Ninth Tent, Open Air and Shop Campaign of the Evangelistic Committee of New York City. He is well known in America from his connection with the Northfield Extension Movement and the Moody Bible Institute of Chicago, as well as by his sermons in the pulpits of this and other cities, or at campmeetings and conferences and through his devotional books. He is particularly fitted to address an audience of interdenominational character, as he has some link of association with nearly all churches.

Since his last visit to this country Dr. Morgan has added to his duties as pastor of Westminster Chapel, London, the responsibilities of the principality of Chesham, England, founded by the Countess of Huntingdon.

Dr. Morgan is a man of peculiarly striking personality and picturesque appearance, tall and slender, with a long, keen, intellectual face. He has a rare power to hold and sway great audiences. He speaks with a voice clear and penetrating. He is a logician and at times a rhetorician, combining brilliant epigrams and sentences of great literary beauty, yet always behind the metaphor and simile is a strong body of thought.

At the rally there will be other addresses by Dr. William Pierson Merrill and Dr. Arthur J. Smith. Two-minute talks will be given by leaders in the work among foreigners. Stephen Baker will preside. The Evangelistic Chorus of five hundred will sing under the direction of Professor Benjamin F. Butts.
